

CITRU SOLVE

CITRUS BASED CLEANER FORMULATED TO REPLACE CHLORINATED SOLVENTS

CITRU SOLVE is a non-halogenated safety solvent formulated to replace the chlorinated solvents commonly used in cleaning operations. The natural formula of DREAM contains no carcinogenic solvents or ozone depleting chlorofluorocarbons and as such is not regulated under the terms of the Montreal Protocol.

CITRU SOLVE has a fresh citrus aroma derived from natural terpenoid compounds ensuring a pleasant working environment for the user.

CITRU SOLVE is recommended for the cleaning of electric motors, the controlled evaporation characteristics ensuring efficient use of the product and an improvement in the cleaning results compared to fast evaporation solvents. All electrical components should be blown dry or left to air dry after using CITRU SOLVE and before being re-connected to any electrical supply.

CITRU SOLVE will not harm rubber or most plastics and can be used as a soak tank cleaner or through a re-circulating parts washer.

CITRU SOLVE will have no harmful effect on good quality paintwork and is particularly effective for the removal of transportation wax (paraffinic type) used on vehicle bodywork.

CITRU SOLVE will readily remove tar and bitumen from most hard surfaces and is ideal for the removal of adhesive from many labels..
