

## UNDERSEAL

Uniconomy's UNDERSEAL is a bitumen based product providing good corrosion resistance and elastic, weatherproof, durable coating. This product is very thixotropic, ideal for the undersides of vehicles and wheel arches and other high impact areas. Powerful rust inhibitors will displace moisture and seal the surface against further corrosion.

- High Quality
- Excellent Protection Properties
- Excellent Corrosion Resistance
- Remains Flexible
- Smooth Application
- Free from Grit Particles
- Fast Drying
