

## **DISHMATIC**

### ***AUTOMATIC DISHWASHING MACHINE DETERGENT***

DISHMATIC contains specially low foaming detergents which effectively remove grease and food debris from wash ware.

DISHMATIC contains a blend of lime solubilising agents which keep potentially scale forming calcium ions in solution.

DISHMATIC can be fed direct into the wash tank of the machine.

DISHMATIC is bio-degradable

DISHMATIC should be used in conjunction with rinse aid to obtain first class results.

DISHMATIC is packed in easy to handle 5 litre plastic containers (4 to a case) or 25 litre plastic containers.
