

SORCERER

BIODEGRADABLE DISH WASHING LOTION

SORCERER is a revolutionary formulation for a hand dish-washing lotion which is extremely gentle to the hands and contains new ingredients that attack only kitchen greases - not body greases.

SORCERER is effective on all crockery, cutlery and kitchen utensils. It penetrates and emulsifies kitchen greases and literally floats them away.

SORCERER cleans glasses without streaking, leaving them sparkling.

SORCERER has long lasting qualities as it contains specially formulated emulsifiers to give a high load capacity.

SORCERER gives foaming suds - leaves no soap scum - free rinsing - no towelling.

SORCERER Equally effective in hard or soft, hot or cold water.

SORCERER is non-toxic, non-flammable and non-caustic.

SORCERER is completely biodegradable.

SORCERER is also recommended for scientific and laboratory glassware, test tubes, beakers, slides etc.
