

## **PRIDE**

### **PEARLISED LIQUID CONCENTRATED SKIN CLEANER**

PRIDE Liquid Concentrated Skin Cleaner was developed after many years of research, producing for you, a powerful concentrated skin cleaner which is completely safe to use and which acts instantly to dissolve grease, ink, carbon, dirt and grime, etc.

PRIDE is an up-to-date formulation, containing no harsh abrasives, toxic solvents or irritating caustics. The powerful action of PRIDE cuts ground-in grease and grime without irritation. It does NOT produce de-fatting of the skin .

PRIDE has been specially formulated and contains moisturising and antibacterial agents to soften and nourish hands even when used regularly on a daily basis.

PRIDE has a rapid, very effective cleansing action with no pre-wetting of the skin being necessary - just rub in, then, rinse with water - and remember- only a small amount of PRIDE is needed to remove the heaviest dirt.

PRIDE can be used in soap dispensers and also for all over body use in showers. In this respect, it can be diluted with up to seven parts of water.

PRIDE leaves no film and, after use, the skin is left in a very pleasant condition.

PRIDE is highly recommended for use in factories, offices, garages, cloakrooms and toilet areas, etc.
