

Grease It

HEAVY DUTY, MULTI-PURPOSE SPRAY GREASE (Aerosol)

Grease It is a superior quality, heavy duty, clear grease designed to penetrate and lubricate and will adhere to all surfaces thanks to its high adhesive formulation. Grease It contains solvents which penetrate into tight areas and evaporate quickly leaving behind a coating of grease which resists wash off and provides long lasting lubrication. Grease It reduces friction and heat build-up and prevents rust and corrosion on metal surfaces.

Features & Benefits

- Penetrating grease
- High adhesive formulation
- Wide temperature range (-75 degrees C to +315 degrees C)
- Resists hot water and chemical wash off
- Inhibits corrosion

Applications:

Grease It is ideally suited for lubricating hinges, cables, conveyors, linkages, wire ropes, locks, sprockets and any metal surface. Its anti-fling formulation makes Grease It a perfect choice for lubricating chains and other moving parts, even those subjected to extreme pressure. The wide temperature range makes Grease It a very versatile lubricant.

Directions for Use:

Shake well before using. Spray area to be lubricated and allow solvent to evaporate.
